SAR-026 · 27 Oct 2026, 12:30 UTC

All local edits are recorded. Team updates are unavailable; no shared update has been sent.

Continue operation

Persist success in mission history; don’t rely only on a brief toast.

UAV-01 / F0184 · 12:22:16 UTC

Suitable team · commander selection

Alpha · review capacity first

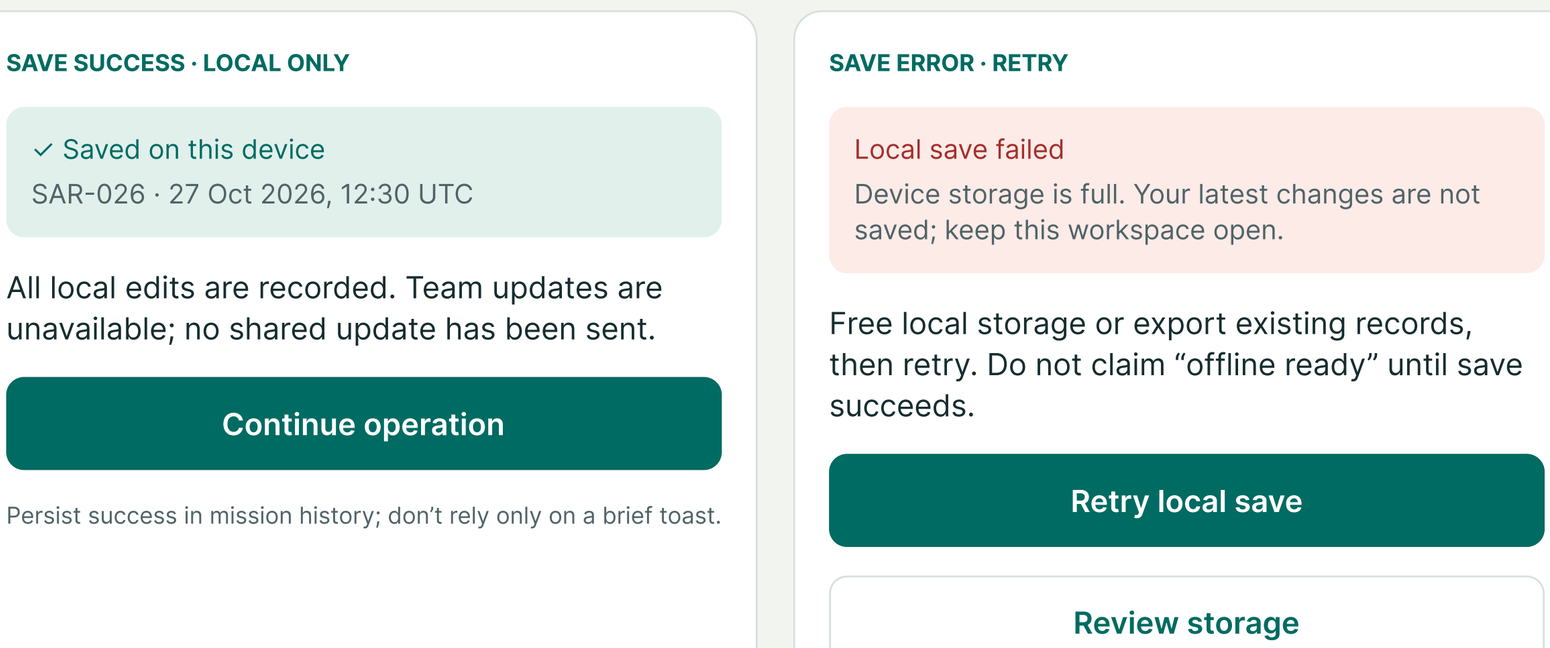

Team link offline
Confirmation records a local task only. Brief Alpha by radio; mark delivery after acknowledgment.

Confirm local verification task

A field task is a request to investigate, not a confirmed detection. Capture reviewer, decision and UTC timestamp.

Active command · dark appearance

Local only

SAR-026 · Alpha 8 / Bravo 6
Saved 12:30 UTC · last team update 12:24 UTC

Updates offline

Preserve containment labels and stale-update warnings in both appearances. Dark mode reduces glare; operational meaning never depends on color alone.
